Should Buyer select your bid, we keep you notified via:

1. A notification will be automatically sent to you.
2. Your Account control panel: My Bids shortcut menu

You are required to respond to the Buyer, either Approve or Deny, following steps below:

1. Sign in your Provider account
2. Select **My Bids> Chosen Bids** tab in horizontal menu
3. Locate the project and click **Accept Project/Deny Project**

**** Note:** when you click Accept Project, you are required to upload a Project Agreement which includes milestones, scope of work and other terms under the project. The project is marked **Awarded** and work begins only after buyer and you mutually agree on all terms and conditions of Project Agreement you submitted.
